AGI Students Seeking Admission to a Baccalaureate Degree Program  
In Agriculture and Related Degree areas in the College of Agriculture and Life Sciences

POLICY AND PROCEDURE  
Effective: Spring 2008

- Students with 12 or more semester hours of Agricultural Institute coursework, at least a 3.0 cumulative GPA and transfer, placement or credit for Writing Skills I or Math Skills I are eligible to request enrollment in no more than one (not to exceed 4 semester hours) NC State University four year course along with their Agricultural Institute courses.
- Students with 24 or more semester hours and at least a 3.0 cumulative GPA are eligible to request enrollment in no more than two (not to exceed 8 semester hours) NC State University four year course along with their Agricultural Institute courses.
- Students must request permission to take four-year courses by completing an agreement that must be signed by the student and the student’s adviser and approved by the Director. The agreement must be completed (each semester) before the student enrolls in the four-year courses.
- To be considered for admission to a baccalaureate degree program, the students must apply directly to the NC State Office of Undergraduate Admissions.
- AGI students are considered eligible for consideration for admissions to a 4-year agriculture or related program after completing 15 semester credit hours of 4-year courses INCLUDING at least one college-level mathematics course and one college-level English composition course.
- The minimum GPA on all four-year courses to be eligible for consideration is 2.0 with a C- or better in each course. Most programs at NCSU and in the College of Agriculture and Life Sciences require a higher GPA for admission.
- The Minimum Course Requirements (MCR) established by the University of North Carolina System with respect to high school preparation must be met.
  - English: 4 years
  - Social Studies: 2 years, including 1 year of U.S. history
  - Mathematics: 4 years, in any of the following combinations:
    - algebra I and II, geometry, and one unit beyond algebra II,
    - algebra I and II, and two units beyond algebra II, or
    - integrated math I, II, and III, and one unit beyond integrated math III.
  - Science: 3 years, including 1 year of life or biological science and 1 year of a physical science; 1 must be a laboratory course
  - Foreign Language: 2 years of the same language required
- Admission priority will be given to students who meet the four-year admissions requirements, complete their Associate of Applied Sciences degree prior to admission to the four-year degree program under this agreement and demonstrate success on college work in the Associate of Applied Sciences degree program.

If you need further advice, please contact Dr. Barbara Kirby, AGI Director at 515-3248 for an appointment to review your course work. For transcript review and additional questions regarding the application process, please contact Ms. Laura McLean, Sr. Associate Director of Admissions.
