Application Deadline:

- Approximately one hundred thirty (130) students are admitted to the major each semester. Applications must be filed in the School of Nursing by February 1 for fall admission and by September 1 for spring admission. Incomplete applications will not be considered. Admission is very competitive and based primarily on GPA. Students are accepted on a rolling admission basis.

Basic Admitting Transfer Stats and requirements:

- Students from community colleges and other universities may transfer credits as determined by the Office of Undergraduate Admissions. Transfer of credit for nursing courses is determined by the applicable department and the School of Nursing Student Affairs Committee. Nursing courses must have been completed in a National League for Nursing Accrediting Commission accredited baccalaureate program.

Course Prerequisites:

- BSN Admission Requirement Eligibility for the nursing major is dependent upon at least a "C" in each of the specified mathematics, biology, and chemistry courses and a MINIMUM overall grade point average of 2.5. The ranking formula, used to determine admission to the School of Nursing, is composed of points awarded for overall GPA and success in the previously mentioned.
- All students must meet certain general education requirements. In addition, pre-requisites have been established by the School of Nursing. The following courses have been approved by the NC Community College Common Course Library and East Carolina University for transfer to ECU.

  - English Composition I & II
    - ENG 101 + one additional writing course
  - Biology – Anatomy & Physiology I & II, Fundamentals of Micro with Lab
    - BIO 181/183 or ZO 150/250 with either ZO 212, ZO 412/ZO 421 or BIO 495 A&B
