A student who is suspended from the Agricultural Institute for academic reasons has the option of requesting readmission. Each suspended student must complete an Agricultural Institute Application for Readmission form that requests the following:

a) The reason(s) for the student’s academic difficulty with an explanation of any extenuating circumstances. (Part A)

b) Why the student believes he/she can now successfully complete an Agricultural Institute Degree. Part B must have the adviser’s signature. (Part B)

After completing the form, any student has been suspended must appear before the Readmission Committee to provide the committee with any further information they deem important to the situation.

Students suspended more than once may also request readmission by completing the Readmission form and must appear before the Readmission Committee. The Readmission committee will not favorably consider a request from a student who has been suspended before (more than once) unless the student has made significant academic progress and thus demonstrated the potential and commitment to graduate.

The Readmission Committee will consider only those students who have, in a timely manner, completed the Application for Readmission. Contact the Agricultural Institute Office for information regarding committee meetings and deadlines for submitting forms.

Forms should be submitted to the following:

Agricultural Institute
College of Agriculture and Life Sciences
NC State University
Box 7642
Raleigh, NC  27695-7642
Phone: (919) 515-3248    Fax: (919) 513-1421

AGRICULTURAL INSTITUTE
I request to be readmitted to the Agricultural Institute at North Carolina State University for the __________ semester, 19_____. Following is information in support of my request.
