WINGATE UNIVERSITY SCHOOL OF PHARMACY
http://pharmacy.wingate.edu/home.asp
4 year program – PharmD Program

Application and Deadline: Wingate University School of Pharmacy opened its doors to applicants in 2002, with the charter class beginning its program of study in August 2003. The charter class will graduate from Wingate University in May 2007. Class size is 70 students per class. All Wingate University pharmacy faculty members have made a commitment to excellence in the classroom; and all classes are taught by faculty possessing terminal doctoral degrees. No courses, discussions, case studies or laboratories are taught by graduate students for teaching assistants. Small group discussions – seven students with one faculty member – significantly enhance the learning environment.

Applicants are encouraged to apply late in the summer prior to the year they plan to enter the program.

All pre-pharmacy requirements must be completed by the end of summer school the year of matriculation. Admissions decisions will be made upon consideration of the course work completed by December of the year prior to prospective matriculation. It is acknowledged that several required courses will be in progress during the spring semester prior to matriculation into the School of Pharmacy.

To complete an application, simply access the website www.pharmcas.org for instructions. Your application, PCAT scores, transcripts, PharmCAS fee and letters of recommendation will be submitted directly to PharmCAS. Once your application is complete, PharmCAS will send your completed folder to Wingate University. The student is still responsible for having the supplemental application, supplemental fee and a current photo sent directly to the School of Pharmacy.

Supplemental application: Students must submit the supplemental application and a $25.00 supplemental fee directly to the School of Pharmacy

Basic Admitting Info and Requirements:

- Two years of course work – a minimum of 62-63 semester hours required; Pharmacy College Admissions Test (PCAT).
- Number of applicants – In 2006, 1077 applications were received for the 70 seats.
- Average entering grade point average – 2006 entering class = 3.64
- Mean PCAT score – 74th
- Highly desirable but not mandated: Psychology, Sociology, Foreign Language, and Philosophy. All prepharmacy requirements must be completed by the end of spring semester of the year in which pharmacy school enrollment is requested. Admission decisions will be made upon consideration of the course work completed by December 31 of the year prior to prospective matriculation. It is acknowledged that several requirements will be in-progress during the spring semester prior to matriculation into the School of Pharmacy. The grades for in-progress courses will not be taken into account in determination of prepharmacy grade point averages.
- Students should apply for admission to the School of Pharmacy when they will have completed the credit hours of the required prepharmacy courses prior to the spring semester of the year for which admission is sought. The required prepharmacy curriculum may be completed at accredited schools other than Wingate University. Questions regarding transfer credits and course equivalents should be directed to the office of Admissions at (704) 233-8331.
- All prospective students are required to take the Pharmacy College Admission Test (PCAT) prior to admission consideration. Please designate PharmCAS as a recipient institution for your scores.
  - The institutional code for PharmCAS is 104.
The PCAT may be taken more than once; however, it is offered only four times annually (June, August, October and January). October 2007 is the last offering that can be submitted for Fall 2008 admission consideration. If you take the PCAT more than once, your highest composite score will be considered by Wingate University.

You may register for the PCAT by phone at (800) 622-3231.

Prerequisite Courses - Please contact Campbell with specific questions

Minimum Required Courses:

- **General Chemistry (8 hours):**
  - CH 101/102 and CH 201/202

- **Organic Chemistry (8 hours):**
  - CH 221 and CH 223 and labs

- **Biology (8 hours):**
  - BIO 181 and 183 (with labs) OR ZO 150 and 160 (with labs)

- **Microbiology (1 course):**
  - MB 351 and 352

  - ENG 101

- **ENG literature (one course):**

- **Economics (one course):**

- **Humanities/Social Sciences (12 hours) suggestions: psychology, sociology, foreign language, and philosophy.**

- **Other – 3 credits**

Clinical Experience:

It is not a requirement for admission that you have worked in a pharmacy prior to beginning school; however, applicants who have pharmacy and/or health care experience typically fare better during the interview sessions because they know more about the profession. If you do not have any pharmacy experience, consider...
volunteering, shadowing a pharmacist, or speaking extensively with a variety of health care providers prior to your interview session.
