This brochure describes the student clubs and organizations in the College of Agriculture and Life Sciences.

Student clubs and organizations are important to the mission of the College of Agriculture and Life Sciences. Every student in our College should consider getting involved in one or more organizations on campus. Such involvement provides you with the opportunity to meet others with mutual interests and goals, and offers an opportunity to further develop leadership and communications skills. Clubs represent a unique way to learn about your career choice and to participate in programs and activities related to majors and areas of study. Interaction with faculty, alumni, and others provides a connection to professional schools, graduate schools, the working world, and self-employment. Participation in clubs and other organizations is a significant part of your overall academic experience and professional development.

Let me wish you a successful and enjoyable year here at NC State.

Sincerely,

Kenneth L. Esbenshade

Associate Dean and Director of Academic Programs

Goals and Purposes

“To make better men and through them a better and broader agriculture.” Alpha Gamma Rho is a social-professional agricultural fraternity whose goals are to develop leaders among agricultural men in the field and in the classroom. Alpha Gamma Rho believes in a fraternity built without pledging. It is the only non-pledging fraternity on campus. We strive to be the premier agricultural fraternity in the nation and on campus.

Activities

Brotherhood retreats, brother’s night out, professional speakers, philanthropic events, college involvement, leadership programs, academic tutoring, faculty dinners, campus activities, and intramural sports.

How to Join

People with an interest in agriculture, an agricultural major, or an agricultural background are welcome to attend any rush event or visit the house. Events take place at the beginning of each semester. Calendars will be handed out and posted on the campus. For more information, e-mail ncsu_agr@yahoo.com.

Meetings
Every Wednesday, 7:30 p.m., 156 Weaver Labs

Goals and Purposes
To promote agriculture on campus and in the community from a wide variety of perspectives and provide a group for honor students to come together and be involved in many different activities. There are social advantages as well as chances to grow in character.

Activities
Agriculture Awareness Week, Alpha Zeta Founder’s Day, Christmas tree sales, Feed Raleigh, Adopt-A-Family, Oakwood Cemetery restoration, campus beautification projects, and various events sponsored by the College of Agriculture and Life Sciences.

How to Join
Students with sufficient hours to be considered a sophomore who are in the top 40 percent of their major should receive a letter of invitation. Students will be invited to attend rush events where they will have the opportunity to meet the brothers and learn more about the fraternity. Candidates will then be asked to attend Roundtable, where they will have a formal interview. Selection is based on the demonstration of the four characteristics of an Alpha Zeta brother: scholarship, character, leadership, and fellowship. Candidates who are offered a bid will complete a one-week new brother education program during which they will be asked to learn about the fraternity, agriculture, and the brothers of Alpha Zeta. Any students who feel they meet the academic criteria but have not received a letter, should contact one of the advisers or officers early in the semester.

Meetings
Biweekly meetings, Tuesdays at 1 p.m.; location to be announced.

Goals and Purposes
CALS Ambassadors are the student voice of the College. They serve as liaison between the campus and the community. The student relations organization is dedicated to promoting NC State and the College of Agriculture and Life Sciences. CALS Ambassadors keep prospective students, current students, alumni, and interested organizations up-to-date regarding challenges, breakthroughs, and career opportunities in agriculture and the life sciences.

Activities
CALS Ambassadors represent CALS at various events, including science classes, agriculture-oriented classes, career or college fairs, 4-H meetings, school assemblies, leadership workshops, business groups, and civic organization meetings.

How to Join
Approximately 30 CALS students are selected each year to be CALS Ambassadors. To qualify, you must demonstrate outstanding academic achievement, student leadership, be enrolled in CALS, and have enthusiasm for the college. You must be nominated by a current Ambassador, faculty, or staff member. Nominations are accepted in early January. Nominees will be notified and applications are due early February. Interviews take place in February and Ambassadors are selected in March prior to spring break. For more information, visit http://www.cals.ncsu.edu/ambassadors or e-mail cals_ambassadors@ncsu.edu.

PRE-LAW STUDENTS’ ASSOCIATION

Officers
President: Marguerite Pressley
Vice-President: Bennita Whitfield
Secretary: Tiffany Wood
Treasurer: Hannah Crume

If you are thinking about law school, this organization offers:
- Law School Fair each fall (updates can be found on Career Services’ Web site)
- Guidance for students interested in developing plans to attend law school.
- Discussion and leadership development opportunities.
- Access to library of pre-law materials and information at D.H. Hill Library.
- Notification about on-campus law school visits.
- Involvement with other pre-law students.
- Contact with local attorneys.
- A writing specialist who can provide guidance on preparing a Personal Statement.
- Lists of NC State law-related courses.

Law schools neither prescribe nor recommend a particular undergraduate curriculum for prospective students. You may prepare for law school by paying careful attention to your academic record and the selection of classes in any NC State curricula. Within a variety of departments, your faculty and advisors can help you select appropriate courses, electives, and/or concentrations. The University’s pre-law adviser supports this activity and works with the Pre-Law Students’ Association, which is open to all interested students.

For further information, contact Mary A. Tetro, University Coordinator of Pre-Law Services, 57 Tucker Hall, N.C. State University; 515-5830; mary_
It is the policy of the State of North Carolina to provide equality of opportunity in education and employment for all students and employees. Accordingly, the university does not practice or condone unlawful discrimination in any form against students, employees, or applicants on the grounds of race, color, religion, creed, sex, national origin, age, disability, or veteran status.

North Carolina State University regards discrimination on the basis of sexual orientation to be inconsistent with its goal of providing a welcoming environment in which all its students, faculty, and staff may learn and work up to their full potential. The University values the benefits of cultural diversity and pluralism in the academic community and welcomes all men and women of good will without regard to sexual orientation.

Individuals with disabilities desiring accommodations in the application process should notify the faculty adviser for the organization. If you are a person with a disability and desire any accommodations to participate in an activity, please contact the group’s faculty advisor prior to the event.
